Welcome to a community designed for both relaxation and inviting spaces. Our sophisticated private co-working lounge offers an inspiring space to focus and collaborate, while the fully equipped conference room ensures all your professional needs are met. When it's time to unwind, head to our modern fitness center for a refreshing workout or take a dip in the resort-style pool, complete with grilling stations for outdoor dining. The serene outdoor courtyard, featuring a cozy fire pit, invites you to relax and enjoy evenings under the stars, making this the perfect blend of work, leisure, and luxury living. Uptown Houston comprises the area east of Interstate 610 between I-10 and I-69, a large swath of the city that blends the relaxed pace of the suburbs with urban glitz and energy. One of the area's most famous attractions is the stunning Galleria, the largest shopping mall in Texas, which employs thousands in its high-end boutiques. Nearby, a thriving dining and entertainment district supplies the neighborhood with an eclectic variety of off-hours attractions. The sprawling Memorial Park sits right across the highway, and locals love to stroll through the Houston Arboretum and hit the links of the Memorial Park Golf Course. The local housing market ranges from single-family homes to high-rise condominiums, with many surprisingly affordable apartments in the mix as well; while the section closest to Interstate 610 and the Galleria tends to be more urbanized, most of the neighborhood is suburban in nature.
