COAST

345 E Wacker Dr.
Chicago, IL 60601 | 1-888-249-5719

Cool and Calm, Your Sophisticated Urban Beach House! Coast at Lakeshore East to highlight the nautical theme of the community, the sleek 46-story is situated in the Lakeshore East community directly on the River at 345 E. Wacker Drive. The tower is designed for Silver LEED Certification by the highly-acclaimed architectural firm of bKL Architecture. Coast is Lakeshore East's first entirely smoke-free environment consisting of studio, convertible, one, two, and three bedroom residences. Amenities at Coast are upscale yet relaxed and include sophistacted indoor and outdoor spaces for fitness, recreation, relaxation and technology. Coast's modern design is described by bKL as a composition of light and transparency. A curtain wall on the east and west facades is a combination of translucent and fritted glass combined with aluminum while continuous inset balconies on the north and south elevations provide extraordinary views of the Chicago skyline, Lake Michigan and Grant and Millennium Parks.
